Max. Horsepower	500 hp (372.85 kw)
Deadrise	24°

*Net tank capacity. The usable fuel capacity will be affected by several factors, including EPA-required fuel system components, temperature and loading of the boat. These factors will reduce the usable fuel capacity by approximately 10%.

The Pursuit S 280 features stunning good looks combined with exceptional handling and performance. Its long list of standard features includes rich teak accents, a fiberglass hardtop with a white powder coated aluminum frame, an overhead electronics box, an overhead storage bag, integral overhead interior lighting, three spreader lights, a Clarion AM/FM/CD stereo, complete with an MP3/Ipod jack, remote and four stereo speakers. Even front and side helm canvas curtains are standard for a dry, comfortable ride in inclement weather.

The helm features a split leaning post with flip up helm and companion bolsters and fixed arm rests for comfortable operation from a seated or standing position. For one of the most comfortable rides on the boat, deploy the folding aft facing stern seat, just sit back and relax. Strategically-placed cushions provide lumbar support while you're seated and function as essential coaming pads when the seat is not in use and folded flush. The console affords lockable storage and conceals a head compartment with holding tank, pump out and macerator.

Other creature comforts include an Isotherm stainless steel drawer refrigerator and a molded-in 140-quart combination cooler/cushioned stern bench seat to keep

your food and beverages cool and easily accessible. Twin 29-gallon insulated in-deck lockers with pump out serve to stow your catch or function as spacious storage compartments to keep the deck clear of gear.

STANDARD EQUIPMENT
