## Description

The Lagoon 42 Owner’s Version is a luxury cruising catamaran designed for both comfort and performance. As part of Lagoon’s renowned fleet, it is tailored specifically for owners who want the ultimate onboard experience, with an emphasis on privacy, space, and ease of sailing.

Key Features:

- 1. Owner’s Layout: This version of the Lagoon 42 has a unique layout with a dedicated owner’s suite located in one of the hulls, offering an impressive amount of space, a large bed, a private head, and panoramic windows for stunning views. It provides ultimate privacy while sailing.
- 2. Living Spaces: The salon and cockpit area are seamlessly integrated, creating a large, airy, and open living space that is perfect for socializing and enjoying time aboard. The galley is spacious and modern, typically located on the port side.
- 3. Performance: The 2023 Lagoon 42 offers excellent sailing performance thanks to its optimized hull design and sail plan. It’s stable in a wide range of conditions, offering great control even in more challenging weather.
- 4. Exterior Design: The catamaran’s sleek, modern exterior design is matched by its ergonomic deck layout, making it easy to move around the boat. It features wide side decks, a large foredeck, and a spacious flybridge, ideal for relaxing or enjoying the views while underway.
- 5. Technology & Comfort: The Lagoon 42 comes equipped with high-end features such as air conditioning, top-of-the-line navigation equipment, and ample storage for long cruises. The interiors are beautifully appointed, with luxurious finishes and materials, making it ideal for extended stays.
- 6. Customization: As with most Lagoon models, the 2023 Lagoon 42 offers a variety of options for customizations, from interior finishes to onboard tech upgrades, allowing you to personalize your boat to suit your cruising needs and aesthetic preferences.

Whether you’re planning long-range cruising or simply want to enjoy weekends on the water, the Lagoon 42 Owner’s Version is designed to provide the perfect balance of comfort, luxury, and sailing performance.

## Manufacturer Provided Description

### A SLEEK, MODERN DESIGN.

This new member of the Lagoon family has style and a strong personality.

While keeping a family resemblance and retaining the main features of the latest generation of Lagoons, it shows us a new path: unhurried evolution, a new "organic" approach, in search of harmony between living space and man.

An elegant silhouette, flowing curves which, by virtue of a noticeable acceleration of the lines in the bows and in the new coachroof design, emphasise the powerful and dynamic nature of this new model... A VPLP design naturally, a guarantee of performance under sail!

### A COSY COCKPIT, WITH SMOOTH, ELEGANT CURVES

- a single level from the aft platform to the saloon: a structural "revolution",
- entirely new ergonomics that ensure excellent use of space and ease of circulation on board,
- a large glazed door that occupies the entire width of the coachroof, and provides access to the unparalleled internal volumes.
- The suspended steps at the transom provide a whole new perception of the boat: a continuous, wide and inviting platform, worthy of a large vessel.

### AN INGENIOUS DECK LAYOUT

The mast moved further aft and the self-tacking jib, a guarantee of performance under sail and ease of handling, provide the ability to bring all operations together in one place.

### AN ERGONOMIC HELMING STATION

At the coachroof bulkhead, offering many advantages: direct communication between the cockpit and saloon, improved circulation, forward and aft of the helming station, direct access to the coachroof for easier access to the boom, a composite bimini with a sliding panel to ensure a good view of the sails, a closure panel or helming station safety when under way.

### ACCOMODATIONS

3 or 4 double cabins ... and what cabins! Island double beds for the aft cabins and beds with side access for the forward cabins, the aft cabins benefit from a bathroom with a separate shower, very large windows in the cabins offer excellent illumination and magnificent views of the surroundings, the vertical glazing in the coachroof provides saloon illumination: a well-lit, comfortable environment that is perfectly balanced between the galley and saloon areas, the U-shaped galley, fully fitted with broad work surfaces and extensive storage space, is oriented towards the external cockpit.

The attention devoted to detail and the use of the volumes make this new interior a unique and enjoyable living space.
